

French Immersion Program

LCHS is proud to offer a full French Immersion program starting the 2014-2015 school year. All core subjects and some optional courses will be available for the students to continue and complete their high school studies in French earning a bilingual diploma from LCHS.

French immersion is a highly successful approach to second language learning — an effective way for students to become functionally fluent in French while achieving all of the objectives of the regular school program. French is the language of instruction for a significant part of the school day; that is, several or all subjects, except English language arts, are taught in French. This program is designed for students whose first language is not French. The objective is full mastery of the English language, functional fluency in French, as well as an understanding and appreciation of the French culture. PLEASE NOTE: Only 25 credits from any combination of languages may be used towards a high school diploma. This means that if a student takes FLA 10, 20, and 30, and challenges French 10, 20, and 30 and Spanish 10, 20, and 30 they will earn 30 credits, of which only 25 will count towards their 100 credit requirement for a high school diploma.
